

## Authorize.Net Payment Plugin

### Introduction

This Plugin for K2 Store enables you to receive payments via Authorize.Net Payment Gateway. If you are not aware of how to set up an Authorize.net account, please contact us at [support@k2store.org](mailto:support@k2store.org) or [rameshelamathi@gmail.com](mailto:rameshelamathi@gmail.com). You can also get professional support at minimal price for setting up the K2 Store for you.

### Installation Instructions

1. Use the Joomla installer to install the plugin.
2. In the backend, go to Extensions->Plugin Manager and open the K2 Store Payment Plugin - Authorize.net.
3. Enable the plugin
4. Enter the parameters (read the explanation about each parameter given below)
5. Save and close it.

Now you can see the Authorize.net Payments as an option during the Check out process.

### Params

**Authorize.net Login ID:** This is your Merchant Login Id given by the Authorize.net

**Authorize.net Transaction Key:** Transaction key provided by the authorize.net

**Authorize.net MD5 Hash (optional):** This is an additional security feature of Authorize.net. But use with care. If you dont know what you are doing, please leave this blank.

**Use SSL to post back to Authorize.net?:** If you are using SSL certificate (https), enable this. If you dont know what SSL is better leave it as No

**Use Authorize.net Sandbox:** Authorize.net offers a testing suite called Sandbox. Before going live, it is advised to test your store using the sandbox feature. Read more about Sandbox at Authorize.net. NOTE: To receive payments (except during testing), you **DONT** have to enable this. **IN LIVE SITE, THIS SHOULD BE SET TO NO.**

**Sandbox Login ID:** Your sandbox login ID provided by Authorize.net.

**Sandbox Transaction Key :** You transaction key provided by the sandbox.

**Sandbox MD5 Hash :** Md5 has provided in sandbox.

**Thanks Msg K2 Item ID:** You can create a K2 Item to say thanks to the users, who purchased in your online store.

**You can hire us to set up an Authorize.Net account for you. We will extend this service for a small fee.**

Still have questions? You can reach us in [support@k2store.org](mailto:support@k2store.org) or post in our forums: <http://k2store.org/forum.html>

Thank you for using our extension.
