

Fracture Module Positions

There are **84** module positions. If no module is published to a position, it will not appear, collapsing the entire area.

Non-Standard Elements

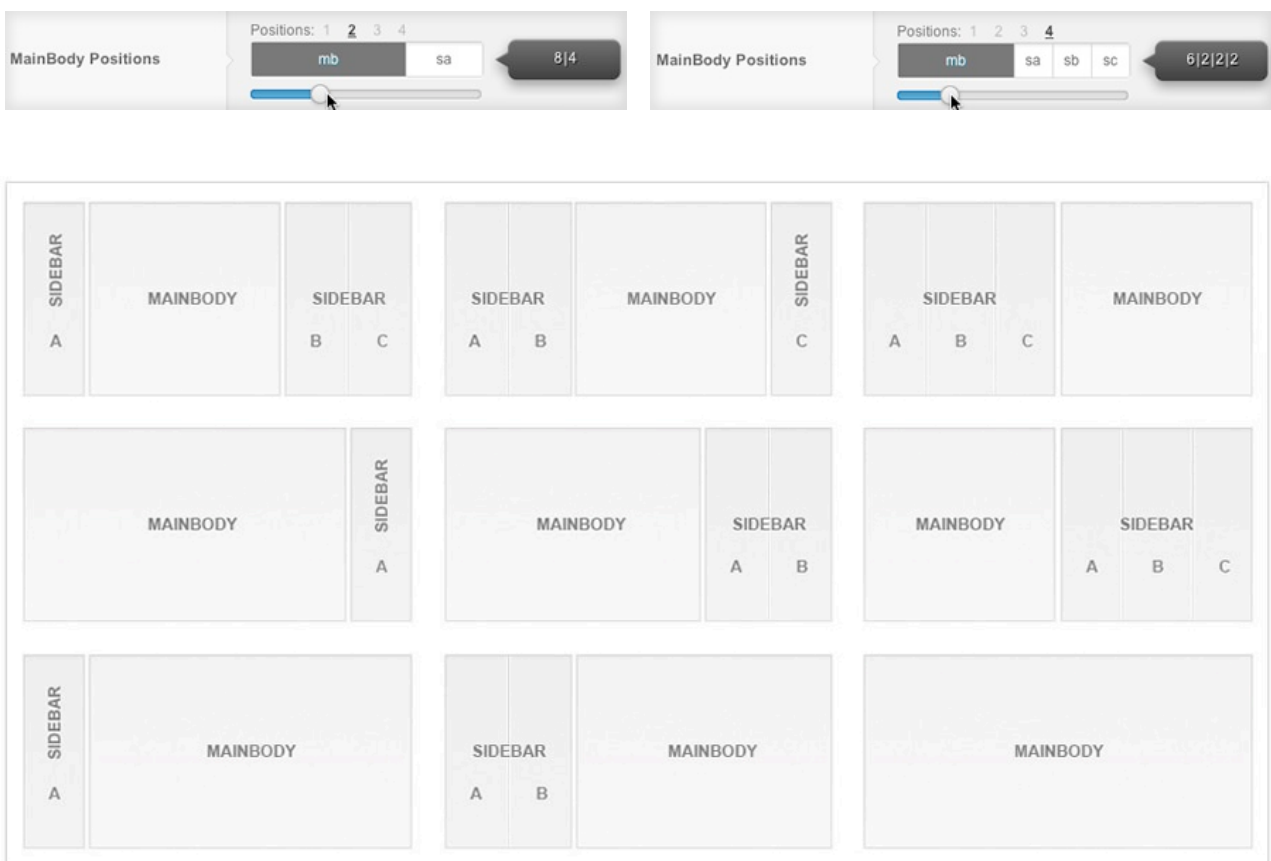

There are **Features** that are injected into a position when enabled in the **Administrator**, and are stacked vertically; which includes: Logo, Date, Font Sizer, Login Panel, Popup Module, Branding, Copyright, More Articles.

You can change the positions of these elements at:

Extensions → **Template Manager** → **rt_fracture**, then go to **Features** tab

Layout Control

Configure at **Admin** → **Extensions** → **Template Manager** → **rt_fracture**, then go to **Layouts** tab and set the varying Mainbody/Sidebar layout possibilities.

Preview Positions

View all module positions live by appending **?tp=1** or **&tp=1** to the end of your URL such as <http://yoursite.com/index.php?tp=1>.

The below diagram is of the Module Variations page.
